

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C® Color Correction (757088159655), (757088159600)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows: Ascorbic Acid, Glucose, Disodium EDTA, Sodium Gluconate, Sodium Lauryl Sulfoacetate, Citric Acid, Xanthan Gum, Betaine.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white crystalline powder | • Melting Point: Not applicable. |
| • Physical State: Powder | • Boiling Point: Not applicable |
| • pH: 3.3-4.0 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 0.99-1.01 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW: This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.	
POTENTIAL HEALTH EFFECTS:	
<ul style="list-style-type: none">• Eye: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.	
<ul style="list-style-type: none">• Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.	
<ul style="list-style-type: none">• Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.	
<ul style="list-style-type: none">• Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.	

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Decyl Glucoside, Disodium Coco-Glucoside Citrate, Sodium Lauroyl Lactylate, Cocamidopropyl Betaine, Glyceryl Stearate, Glycerin, Panthenol, Phenoxyethanol, Guar Hydroxypropyltrimonium Chloride, Organic Aloe Barbadensis Leaf Juice, Betaine, Potassium Sorbate, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|--|---|
| • Color, Odor and Appearance: viscous liquid, light fragrance | • Melting Point: Not applicable. |
| • Physical State: Liquid | • Boiling Point: Not applicable |
| • pH: 6.0-6.9 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 1-1.2 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION

- **Finished Product Name:** Malibu C[®] Crystal Gel (757088159051),(757088159006)
- **Company Identification:** Malibu Wellness, Inc.
6050 E. Hanna Avenue, Indianapolis, In 46203
- **Contact:** Consumer Relations at 1-800-622-7332
- **In case of medical emergencies, please contact your local poison control center.**
- **Transportation emergency (24 hour), contact:**
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
- **DATE:** 4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.

POTENTIAL HEALTH EFFECTS:

- **Eye:**

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

- **Skin:**

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

- **Inhalation:**

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

- **Ingestion:**

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Sodium Gluconate, Ascorbic Acid, Disodium EDTA, Xanthan Gum

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white crystalline powder | • Melting Point: Not applicable. |
| • Physical State: Powder | • Boiling Point: Not applicable |
| • pH: 4.0-4.6 | • Solubility in Water: soluble |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: Not applicable |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION

- **Finished Product Name:** Malibu C[®] Hard Water Wellness Conditioner, (757088133105), (757088133327)
- **Company Identification:** Malibu Wellness, Inc.
6050 E. Hanna Avenue, Indianapolis, In 46203
- **Contact:** Consumer Relations at 1-800-622-7332
- **In case of medical emergencies, please contact your local poison control center.**
- **Transportation emergency (24 hour), contact:**
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
- **DATE:** 4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.

POTENTIAL HEALTH EFFECTS:

- **Eye:**

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

- **Skin:**

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

- **Inhalation:**

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

- **Ingestion:**

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Cetyl Alcohol, Stearyl Alcohol, Stearalkonium Chloride, Panthenol, C12-15 Alkyl Benzoate, Stearamidopropyl Morpholine Lactate, PPG-20 Methyl Glucose Ether, Behentrimonium Chloride, Polyquaternium 10, Linum Usitatissimum (Linseed) Seed Extract, Hydrolyzed Rice Protein, Organic Aloe Barbadensis Leaf Juice, Cetrimonium Chloride, Citric Acid, Tocopheryl Acetate, Disodium EDTA, Allantoin, Butylene Glycol, Dimethicone, Amodimethicone, Stearamidopropyl Dimethylamine, Trideceth-12, Polysorbate 20, Glycerin, Phenoxyethanol, Potassium Sorbate, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white lotion emulsion - citrus fragrance | • Melting Point: Not applicable. |
| • Physical State: Lotion | • Boiling Point: 212F + |
| • pH: 4.0 -5.0 | • Solubility in Water: Water based emulsion - rinses clean |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: water | • Specific Gravity: 0.8-1.1 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C [®] Hard Water Wellness Shampoo,(757088121102), (757088121324)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Cocamide DIPA, Sodium Lauryl Sulfoacetate, Disodium Laureth Sulfosuccinate, Sodium Lauroyl Sarcosinate, Organic Aloe Barbadosensis Leaf Juice, Linum Usitatissimum (Linseed) Seed Extract, Hydrolyzed Rice Protein, Panthenol, Magnesium Ascorbyl Phosphate, Citric Acid, Polyquaternium-10, Disodium EDTA, Sodium Gluconate, Glucose, Glycerin, PEG-120 Methyl Glucose Dioleate, Butylene Glycol, Phenoxyethanol, Potassium Sorbate, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|--|---|
| • Color, Odor and Appearance: viscous liquid, light fragrance | • Melting Point: Not applicable. |
| • Physical State: Liquid | • Boiling Point: Not applicable |
| • pH: 5.0-5.9 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 1-1.2 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C [®] Leave-In Mist Conditioner, (757088033085)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	10-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water(Aqua, Eau), Cetrimonium Chloride, Isosteamidopropyl Morpholine Lactate, Acetamide MEA, Polyquaternium 59, Organic Aloe Barbadensis Leaf Juice, Panthenol, Hydrolyzed Rice Protein, Magnesium Ascorbyl Phosphate, Romarinus Officinalis (Rosemary) Leaf Extract, Chamomilla Recutita (Matricaria) Flower Extract, Tocopheryl Acetate, Allantoin, Amidometicone, PEG-12 Dimethicone, Trideceth-12, Citric Acid, Glucose, Glycerin, Phenoxyethanol, Potassium Sorbate, Butylene Glycol, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: Translucent, Flowery, Liquid | • Melting Point: Not applicable. |
| • Physical State: Liquid | • Boiling Point: 212F + |
| • pH: 4.0 -5.0 | • Solubility in Water: Water based emulsion - rinses clean |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: water | • Specific Gravity: 0.8-1.1 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION

- **Finished Product Name:** Malibu C[®] Blondes (757088159259),(757088159204)
- **Company Identification:** Malibu Wellness, Inc.
6050 E. Hanna Avenue, Indianapolis, In 46203
- **Contact:** Consumer Relations at 1-800-622-7332
- **In case of medical emergencies, please contact your local poison control center.**
- **Transportation emergency (24 hour), contact:**
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
- **DATE:** 4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.

POTENTIAL HEALTH EFFECTS:

- **Eye:**
Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
- **Skin:**
Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
- **Inhalation:**
Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
- **Ingestion:**
Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows: Glucose, Ascorbic Acid, Disodium EDTA, Sodium Gluconate, Sodium Lauryl Sulfoacetate, Xanthan Gum, Betaine, Panthenol.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C® Blondes Conditioner, (757088138100), (757088138322)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Cetyl Alcohol, Stearyl Alcohol, Stearalkonium Chloride, Polyquaternium 10, Panthenol Behentrimonium Chloride, PPG-20 Methyl Glucose Ether, C12-15 Alkyl Benzoate, Organic Aloe Barbadensis Leaf Juice, Tocopheryl Acetate, Betaine Allantoin, Curcuma Longa (Turmeric) Root Extract, Crocus Sativus Flower Extract, Linum Usitatissimum (Linseed) Seed Extract, Hyrdolyzed Rice Protein, Dimethicone, Disodium EDTA, Cetrimonium Chloride, Glycerin, Butylene Glycol, Amodimethicone, Stearamidopropyl Dimethylamine, Guar Hydroxypropyltrimonium Chloride, Citric Acid, Stearamidopropyl Morpholine Lactate, Potassium Sorbate, Trideceth-12, Polysorbate 20, Phenoxyethanol, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen;

hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white lotion emulsion - citrus fragrance | • Melting Point: Not applicable. |
| • Physical State: Lotion | • Boiling Point: 212F + |
| • pH: 4.0 -5.2 | • Solubility in Water: Water based emulsion - rinses clean |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: water | • Specific Gravity: 0.8-1.1 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
<ul style="list-style-type: none">Finished Product Name: Malibu C® Blondes Shampoo, (757088126107), (757088126329)	
<ul style="list-style-type: none">Company Identification: Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203Contact: Consumer Relations at 1-800-622-7332	
<ul style="list-style-type: none">In case of medical emergencies, please contact your local poison control center.Transportation emergency (24 hour), contact: CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).	
<ul style="list-style-type: none">DATE: 4-25-2012	

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW: This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.	
POTENTIAL HEALTH EFFECTS:	
<ul style="list-style-type: none">Eye: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.	
<ul style="list-style-type: none">Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.	
<ul style="list-style-type: none">Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.	
<ul style="list-style-type: none">Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.	

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Lauryl Glucoside, Sodium Lauroyl Lactylate, Sodium Lauroyl Sarcosinate, PEG-120 Methyl Glucose Dioleate, Polysorbate 20, Butylene Glycol, Disodium EDTA, Organic Aloe Barbadensis Leaf Juice, Sodium Gluconate, Citric Acid, Glycerin, Betaine, Panthenol, Linum Usitatissimum(Linseed) Seed Extract, Hydrolyzed Rice Protein, Polyquaternium 10, Potassium Sorbate, Allantoin, Phenoxyethanol, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW: This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.	
POTENTIAL HEALTH EFFECTS:	
<ul style="list-style-type: none">• Eye: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.	
<ul style="list-style-type: none">• Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.	
<ul style="list-style-type: none">• Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.	
<ul style="list-style-type: none">• Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.	

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows: Ascorbic Acid, Glucose, Disodium EDTA, Sodium Gluconate, Sodium Lauryl Sulfoacetate, Citric Acid, Xanthan Gum, Betaine, Allantoin.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C [®] Relaxer (757088159853),(757088159808)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows: Glucose, Ascorbic Acid, Disodium EDTA, Sodium Gluconate, Xanthan Gum, Panthenol, Betaine

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white crystalline powder | • Melting Point: Not applicable. |
| • Physical State: Powder | • Boiling Point: Not applicable |
| • pH: 3.2 – 4.2 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 0.99-1.01 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).

- **DATE:** 4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.

POTENTIAL HEALTH EFFECTS:

- **Eye:**

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

- **Skin:**

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

- **Inhalation:**

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

- **Ingestion:**

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Cetyl Alcohol, Stearyl Alcohol, Stearalkonium Chloride, PPG-20 Methyl Glucose Ether, Stearamidopropyl Morpholine Lactate, Panthenol, Behentrimonium Chloride, Polyquaternium 10, Ascorbyl Palmitate, Disodium EDTA, Aloe Barbadensis Leaf Juice, Mentha Viridis (Spearmint) Leaf Oil, Menthol, Cetrimonium Chloride, Rosmarinus Officinalis (Rosemary) Leaf Extract, Tocopheryl Acetate, Allantoin, Linum Usitatissimum (Linseed) Seed Extract, Hydrolyzed Rice Protein, Citric Acid, Amodimethicone, Trideceth-12, Dimethicone, Glycerin, Butylene Glycol, C12-15 Alkyl Benzoate, Stearamidopropyl Dimethylamine, Phenoxyethanol, Potassium Sorbate, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen;

hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 2 - HAZARDS IDENTIFICATION
EMERGENCY OVERVIEW: This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:
<ul style="list-style-type: none">• Eye: Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
<ul style="list-style-type: none">• Skin: Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
<ul style="list-style-type: none">• Inhalation: Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
<ul style="list-style-type: none">• Ingestion: Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Cocamide DIPA, Sodium Lauryl Sulfoacetate, Disodium Laureth Sulfosuccinate, Sodium Lauroyl Sarcosinate, Menthol, Mentha Viridis (Spearmint) Leaf Oil, Sodium Gluconate, Organic Aloe Barbadensis Leaf Juice, Allantoin, Salix Nigra (Willow) Bark Extract, Linum Usitatissimum (Linseed) Seed Extract, Hydrolyzed Rice Protein, Tocopheryl Acetate, Glucose, Citric Acid, PEG 120 Methyl Glucose Dioleate, Polyquaternium-10, Glycerin, Butylene Glycol, Phenoxyethanol, Potassium Sorbate, Disodium EDTA, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|--|---|
| • Color, Odor and Appearance: viscous liquid, light fragrance | • Melting Point: Not applicable. |
| • Physical State: Liquid | • Boiling Point: Not applicable |
| • pH: 5.0-5.9 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 1-1.2 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION

- **Finished Product Name:** Malibu C[®] Un-Do-Goo Shampoo, (757088124103), (757088124325)

- **Company Identification:** Malibu Wellness, Inc.
6050 E. Hanna Avenue, Indianapolis, In 46203
- **Contact:** Consumer Relations at 1-800-622-7332

- **In case of medical emergencies, please contact your local poison control center.**
- **Transportation emergency (24 hour), contact:**
CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).

- **DATE:** 4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:

This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.

POTENTIAL HEALTH EFFECTS:

- **Eye:**

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

- **Skin:**

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

- **Inhalation:**

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

- **Ingestion:**

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Water (Aqua, Eau), Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Cocamide DIPA, Panthenol, Allantoin, Linum Usitatissimum (Linseed) Seed Extract, Hydrolyzed Rice Protein, Vitis Vinifera (Grape) Seed Extract, Urtica Dioica (Nettle) Extract, Glycerin, Polysorbate 20, Butylene Glycol, Polyquaternum-10, Glucose, PEG-120 Methyl Glucose Dioleate, Potassium Hydroxide, Phenoxyethanol, Potassium Sorbate, Fragrance (Parfum).

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|--|---|
| • Color, Odor and Appearance: viscous liquid, light fragrance | • Melting Point: Not applicable. |
| • Physical State: Liquid | • Boiling Point: Not applicable |
| • pH: 8.8- 9.8 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 1-1.2 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

The product described in this Material Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).

CERCLA reportable quantity (RQ):

To the best of our knowledge, no CERCLA Reportable quantity has been established for this product.

SARA 313/302/304/311/312 chemicals:

Immediate (Acute) Health Hazard: No

Delayed (Chronic) Health Hazard: No

Fire Hazard: No

Reactive Hazard: No

Sudden Release of Pressure Hazard: No

Section 313: To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Canada

All ingredients are CEPA approved for import to Canada. This product has been registered in accordance with the hazard criteria of the Canadian Controlled Product Regulations (CPR) and this MSDS contains all information required by the CPR.

US States

CA Prop 65:

This product is not subject to warning labeling under California Proposition 65.

State Right-to-Know:

Pennsylvania (Worker Right to know Act): Pennsylvania Special Hazardous Substance list.

To the best of our knowledge, this product does not contain chemicals at levels which require reporting under this statute.

Other

Perfumes contained within the products covered by this MSDS comply with appropriate IFRA guidance.

SECTION 16 - OTHER INFORMATION

DISCLAIMER: This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered by Procter & Gamble to be dependable and is accurate to the best of the Company's knowledge. It is not meant to be an all-inclusive document on worldwide hazard communication regulations.

This information is offered in good faith. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property

damage or release to the environment. Malibu Wellness, INC. assumed no responsibility for injury to the recipient or third persons, or for any damage to any property resulting from misuse of the product.

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C [®] Weaves & Extensions (757088159754)
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	4-25-2012

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended.. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows: Glucose, Ascorbic Acid, Disodium EDTA, Sodium Gluconate, Sodium Lauryl Sulfoacetate, Panthenol, Betaine, Xanthan Gum.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: white crystalline powder | • Melting Point: Not applicable. |
| • Physical State: Powder | • Boiling Point: Not applicable |
| • pH: 3.2 - 4.2 | • Solubility in Water: soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
| • Vapor Density: Not applicable. | • Specific Gravity: 0.99-1.01 |

SECTION 10 - STABILITY AND REACTIVITY

- **Conditions to Avoid:** No applicable information has been found.
- **Other Recommendations:** None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This personal care product is safe for consumers and other users under intended and reasonably foreseeable use. Additional information regarding toxicological issues is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are considered non-hazardous waste according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - ADDITIONAL REGULATORY INFORMATION

EU DPD (Dangerous Products Directive) Classification (DPD 88/379/EEC).

Regulated as a Cosmetic and/or Drug under FDA (US), HPB (Canada), Cosmetic Directive (EU), MHW (Japan) and MOH (China).

While the finished product(s) is not considered hazardous as defined in 29 CFR 1910.1200 (d), this MSDS contains valuable information critical to the safe handling and proper use of the product.

US Federal

MATERIAL SAFETY DATA SHEET

Malibu Wellness, Inc. encourages and expects you to read and understand the MSDS, as there is important information throughout this document. We expect you to follow the precaution identified in this document.

SECTION 1 - CHEMICAL SUBSTANCE/PRODUCT AND COMPANY IDENTIFICATION	
Finished Product Name:	Malibu C [®] CPR- Color Pigment Reducer
Company Identification:	Malibu Wellness, Inc. 6050 E. Hanna Avenue, Indianapolis, In 46203
Contact:	Consumer Relations at 1-800-622-7332
In case of medical emergencies, please contact your local poison control center.	
Transportation emergency (24 hour), contact:	CHEMTREC - Phone # 1-800-424-9300 (U.S. and Canada) or 011-703-527-3887 (for calls originating elsewhere).
DATE:	3-7-2014

SECTION 2 - HAZARDS IDENTIFICATION	
EMERGENCY OVERVIEW:	This personal care product is safe for consumers and other users when used as directed and intended. Additional information re: any specific toxicological issues are available upon written request.
POTENTIAL HEALTH EFFECTS:	
Eye:	Contact may cause mild, transient irritation. Some redness and/or stinging may occur.
Skin:	Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.
Inhalation:	Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.
Ingestion:	Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ascorbic Acid, Citric Acid, Glucose, Xanthan Gum, Disodium EDTA, Polyquaternium 10, Sodium Cocoyl Isethionate, Sodium Gluconate.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

- **Eye:**

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

- **Skin Problem:**

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

- **Inhalation:**

If respiratory irritation occurs, remove individual to fresh air. Consult a physician if irritation persists.

- **Ingestion:**

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

- **Flash Point:** Not applicable.

- **Extinguishing Media:** Use chemical foam, dry chemical, carbon dioxide or water.

- **Explosion Hazard:** No applicable information has been found.

- **Fire Fighting Instructions:** Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

- **Procedures for Spill/Leak Clean-up:**

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

- **Precautions for Safe Handling:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Conditions for Safe Storage:**

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

- **Other Recommendations:** None.

SECTION 8 - EXPOSURE CONTROLS, PERSONAL PROTECTION

- **For Household Settings:**

This personal care product is safe for consumers and other users under normal and reasonably foreseen use.

- **For Non-Household Settings:**

Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

- | | |
|---|---|
| • Color, Odor and Appearance: White & Odorless | • Melting Point: Not applicable. |
| • Physical State: Powder | • Boiling Point: >Not Applicable |
| • pH: 2.35-2.60 (14% Solution) | • Solubility in Water: Soluble. |
| • Flashpoint: Not applicable. | • % VOC: 0% VOC |
